

FIRE ISLAND HOSTA MISCELLANEOUS PAPER LABELING CORRECTIONS ~ 07/27/15

On Unit FL3, the last sew line should be Line 17. You may have two Line 16s. Simply change the last one to Line 17!

Note that your instructions set may have some or all of these corrected. We originally did not post these corrections as we made them, but we have had several questions lately, so we grouped them all together.

ALL FL1 AND FL2 BACKGROUND TEMPLATE LAYOUT SHEETS (AS SHOWN BELOW), SHOULD BE CUT TO 6-3/4" NOT 8" OR 7-1/2".

NOT TO SCALE
