## GENERAL INFORMATION

The Bali Bed Runner pattern is Judy's original Wedding Star design downsized to a 2 ring by 8 ring layout, measuring 30" x 104". This Bed Runner will make a great wedding gift for any modern Bride in today's world. The project is small, making it affordable and easy to complete in a limited amount of time. This design has become a classic in the quilting industry and is one that continues to sell more each year than it did the year before.

One pre-packaged 2-1/2" strip set (48) count was used to complete the quilt on the cover. A link is available on our website to learn more about the Quiltworx Strip Sets. Scanning the code to the right will take you to our webpage. The link includes the benefits of using these strips, the fabrics that were used, and retailers that sell the strip sets.

## YARDAGE SELECTION FOR THE 30" X 104" TABLE TOPPER

**Selecting Fabric:** Ring Color Sets are general used to complete our Wedding Ring quilts and can be purchased as pre-packaged sets. If you choose to use yardage for the Bed Runner it will require you to cut your own 2-1/2" strips. Our yardage is based off the total inches required for each fabric color then rounded up to the nearest 1/8 yard.

**Ring Colors Sets:** Ring Color Sets consisting of (8) 2-1/2" x 42" strips ranging from light to dark. A total of (48) 2-1/2" strips are needed to complete this quilt. For the sample on the cover, we used (1) pre-packaged strip set with (48) different fabrics. If you choose yardage over the strip sets, you would divide the total number of strips, which is 48, by the number of fabrics chosen to get the total # of strips needed to cut from each fabric. [Example: (48) divided by (8) Fabrics = (6) 2-1/2" strips cut from each fabric. Yardage: 6 x 2-1/2" = 15" rounded up to the nearest 1/8 yd = 1/2 yard of each fabric..
