

FABRIC #	UNITS	YDS	FABRIC SWATCH BOX
GENERAL FABRIC CHART			
▶ Bag #1	#A1		5/8 Unit A Background
	A2(a)		1/4 Unit A Spike #1
	A2(b)		1/4 Unit A Spike #2
	A2(c)		1/2 Unit A Spike #3
▶ Bag #2	B1		1/4 Unit B Background
	B2(a)		1/4 Unit B Spike #1
	B2(b)		1/4 Unit B Spike #2
	B2(c)		1/4 Unit B Spike #3
▶ Bag #3	C1		5/8 Circling Geese Inside Background
	C2		5/8 Circling Geese Outside Background
	C3(a)		1/4 Circling Geese #3
	C3(b)		1/4 Circling Geese #1
	C3(c)		1/4 Circling Geese #2

Step 5: Stack the (3) strips and subcut (17) pieces using the *Spike Template A* from each of strip. Place (50) pieces into Bag #1 to use with the A-Units. The colors will alternate around the Spikes when sewing the units together. You will have some leftover.

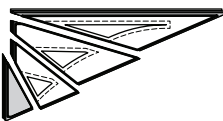

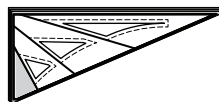

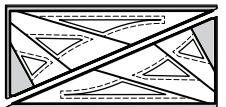

CUTTING INSTRUCTIONS, UNIT B: BAG 2

Step 1: Cut (1) 6-1/4" x 42" strip from Fabric #B1. Subcut into (1) 6-1/4" x 14-1/2" rectangle and (1) 6-1/4" x 18" rectangles.

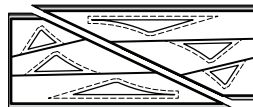

Step 2: With the rectangles *right-side-up*, position the *Unit B Background Template Layout Sheet* for Sec. 4, 5, and 6 onto the 6-1/4" x 14-1/2" rectangle. Use the TLS as a guide to cut the diagonal, then restack the pieces from both sides, place the TLS on top, and beginning on *Cut Line 1*, move numerically through the TLS until it is cut apart.

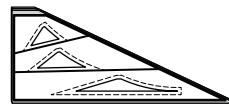

Step 3: Repeat that same process using the Unit B Background Template Layout Sheet for Sec. 1, 2, and 3 with the 6-1/4" x 18" rectangles. (Graphic at top of next column).

Step 4: When the cutting is complete, clip the pieces together

and place them into Bag #2.

Step 5: Cut (1) 8" by 42" strip from Fabrics #B2(a), #B2(b), and #B2(c).

Step 6: Stack the strips and subcut (5) pieces from each using *Spike Template B*. Place the pieces from each color into Bag #2 to use with the B-Units. (Note that you will only need a total of 10). The colors will alternate around the spikes when sewing the units together.

CUTTING

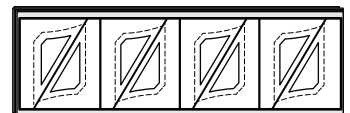

INSTRUCTIONS, UNIT C: BAG #3

Step 1: Cut (4) 4-1/2" by 42" strips from *Color C1*. Stack the strips and cut (3) 4-1/2" x 14" rectangles from each strip. Reserve (10) for the next step and discard the rest.

Step 2: Stack the (10) rectangles, *right-side-up*. Place the *Unit C Background Template Layout Sheet* for Temp C-2 on top of the stack.

Step 3: Place a clip on each Sec. Template, then cut on the Cut Lines,
