

SIZE OPTIONS

Small Table Runners: You do have some option for sizes. If you choose not to make the 22" by 90" Table Runner you can make two small Table Runners with three circles. These measure 22" by 54". Below I have included a yardage chart for one small table runner.

Bed Runner: Another option would be to turn the 22" by 90" Table Runner into a Bed Runner measuring 22" by 102". There are enough foundation papers in your package for the longer layout. You would have to arrange your pieces a little different to make it work though. The additional yardage required to increase the length would be 1/4 yd of each Fabric # listed on the Yardage Chart on the back page.
