Units D1 and D2 were shown from the backside of this graphic, which is first shown on Page 15. Note the position of the wedge.

ALL ASSEMBLY GRAPHICS SHOW THE FRONT-SIDE OF THE TREE SKIRT

## ► Illustration One

**CORRECTION NOTE:** The Group D units were shown from the back side in the assembly graphics. You can tell because of how the small wedge is positioned. Correct Illustrations 1 to 7 so that the Group D pieces come together as shown here. Also, correct the graphic on the back of the pattern. All graphics will be updated in future printings. For reference, see the full Layout on Page 19 as well.
