

Step 4: Press the seams towards the border pieces. Then, sew the sides to the quilt in the next step and press the seams toward the border. Reference Illustrations 3a and 3b.

Step 5: Complete the mitered borders on each corner as shown in Illustrations 4 to 6 for each corner. The process involves folding the quilt in half along one diagonal, then stitching at the intersection of the seams on each corner and sewing out to the end. Press the seams as shown in Illustration 7, then repeat the process on the opposite diagonal and press the seams as shown.

► **Finished Wall Quilt (Border Blocks were Placed in Backwards) This graphic is correct**
