Instructor: Eileen Urbanek

“I just want to give kudos to one of your instructors, Eileen Urbanek. She is awesome. I have been quilting for about 6 years so I am comfortable with paper piecing and quilt terminology and techniques. However, she was able to teach me with her hands on style that made sense. I am no longer intimidated by Judy Niemeyer patterns. Her style of teaching made things easier than I would have thought. I left her class knowing I was going to make at least 5 more patterns from Judy N. collections. Please give her a big BIG Thank you. She is a GREAT teacher.”
