Instructor: Jackie Kunkel

“Hi Jackie! Thank you ever so much for an afternoon of paper piecing bliss. Your patient direction and unwavering support instilled a definite "can do" mind set! Thank you for de-mystifying paper piecing for me with many well thought out tips and helpful tricks. You have also transformed my attitude toward this, what in the past I considered a frustrating technique, and made it another go to option in my personal tool box! It was my pleasure to spend an afternoon with you enjoying your positive, upbeat approach. You have the gift of making your students and fans feel relaxed and comfortable in the pursuit of our shared passion. I will look forward to following your blog and receiving your emails.

Warm regards,
