Certified Instructor: Cindy Haddick

“Hi Judy,

My name is Julie Barnett and I wanted to take a minute of your time and share my experience with you. Cindy Haddick came to my home in Parrish Florida and gave one of your classes to 8 of my closest friends.

We had an amazing time. Cindy not only taught the class, she provided us with a whole new world of quilting. I've always dreamed of making one of your patterns however, I was just too afraid to try one myself. Not only did Cindy take hours to explain how to prepare and cut our fabric, she also provided a very unique method of organizing the process before we even started cutting.

Cindy's enthusiasm for the “Judy Niemeyer Quilting world” was contagious. She referenced your site many times during the weekend and shared some of your tools that she particularly enjoyed using. I'm so excited to try every one of your patterns!

My friends are still asking me when she's coming back to Florida to give another class. Not only did we gain an amazing teacher, we've truly gained a precious friend.

Thank you for sharing your talent with Cindy so she can spread her knowledge to all of us as well.

Hope you have a wonderful day and know that you can come to Parrish Florida (20 miles south of Sarasota) and visit anytime.”
