

1. There are Cut Lines on each Template Layout Sheet referred to as Cut Lines 1, 2, 3, and etc. The Template Layout Sheets ARE NOT sub-cut until AFTER they have been laid on top of the respective pieces of fabric.
2. When the fabrics are stacked beneath the Template Layout Sheets, only then should these lines be cut. If you cut on any other lines, you will ruin your fabric pieces. The excess fabric around each template is not cut off until after the fabric pieces are sewn to the Foundation Papers.
3. Large paper clips are used to hold the Template Layout Sheets onto your fabrics. I normally place my paper clips on each section around the edge of the Template Layout Sheet before I cut the sections apart. This keeps the templates and fabrics together for each section.

We have also organized the cutting so the biggest pieces are cut first for the larger units. Cutting the biggest pieces first is more efficient and allows you the ability to use up the leftover fabrics for smaller pieces.

► Accent Fabric Cutting Instructions

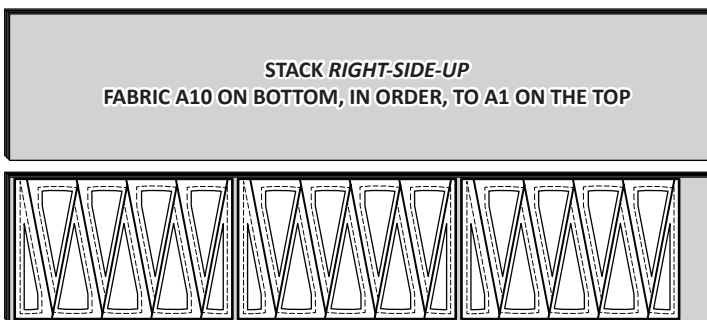

Fabrics A1 to A10 (Accent Fabrics): 5/8 Yards of each fabric (19" per fabric)

1. Stack your (10) 5/8 Yard cuts of fabric *right-side-up* with Fabric A1 on the top, in order, to Fabric A10 on the bottom.
2. Cut (2) sets of (10) 5" by 42" strips.
3. Cut (1) 9" x 42" strip per fabric.

► Unit A, Bag #1, Fabrics A1 to A10:

Step 1: Cut (3) stacks of (10) 9" by 13-3/4" rectangles from the strips (the size of the *Unit A Background TLS*).

Step 2: Position (1) copy of the *Unit A Background TLS* onto each stack of fabric. Put paper clips at each section template around the perimeter to hold the fabrics and templates together. Then, place your ruler on Cut Line 1 and slice through the paper and fabric at the same time. Continue cutting until all the sections are cut apart. Place the pieces into Bag #1.

► Units B & C, Bags #2 & 3 Fabrics A1 to A10:

Step 1: Unit B; From each of the (2) sets of 5" x 42" strip stacks, cut (4) stacks (40 pieces total from each stack) the size of the *Unit B Background Template Layout Sheet*,

Step 2: Before cutting the Unit C Layout Sheets from the remaining strips, remove the bottom (4) fabrics (Fabrics A7 to A10) from each stack. This will leave you with (6) layers in each strip set. Discard the pieces you just removed.

Step 3: Cut (2) stacks, the same size as the *Unit C Background Template Layout Sheet*.

Step 4: Position (1) copy of the *Unit B Background TLS* onto each of the (8) stacks of fabric cut to the size of the Template Layout Sheet. Each stack should have (10) pieces, for a total of (80). Put paper clips at each section template around the perimeter to hold the fabrics and templates together. Then, place your ruler on Cut Line 1 and slice through the paper and fabric at the same time. Continue cutting until all the sections are cut apart. Place the pieces into Bag #2.

NOTE - Remove Fabrics: Remember in Step 2 above, you were supposed to remove the bottom (4) fabrics (Fabrics A7 to A10) from each stack and discard.

Step 5: Position (1) copy of the *Unit C Background TLS* onto each of the (4) stacks of fabric cut to the size of the Template Layout Sheet. Each stack should have (6) pieces, for a total of (24).

Step 6: Put paper clips at each section template around the perimeter to hold the fabrics and templates together. Then, place your ruler on Cut Line 1 and slice through the paper and fabric at the same time. Continue cutting until all the sections are cut apart. Place the pieces into Bag #3.

► Background Fabric Cutting Instructions

Fabrics B1 to B10 (Background Fabrics): 7/8 Yards of each fabric (28-3/4" per fabric). A graphic showing the layout of the pieces is at the top of the next column.

1. Stack your (10) 7/8 Yard cuts of fabric *right-side-up* with Fabric B1 on the top, in order, to Fabric B10 on the bottom.
2. Cut (2) sets of (10) 10-1/2" by 42" strips.
3. Cut (1) 7-3/4" x 42" strip per fabric.
