**Instructor: Josephine Keasler**

“I am planning to take a class from one of your certified instructors at the Panguitch Quilt Walk this summer. Her name is Josephine Keasler. I have contacted her several times with questions that I have about the pattern that she will be teaching. I just wanted to let you know that she has been extremely helpful and is very familiar with your Osprey at the Lake pattern. She has gone out of her way to help me and has offered to do even more if I need it. She feels that questions from her students offer learning experiences for herself. What a great attitude!! Thank-you for the opportunity to let me tell you about my experience with Josephine.”
