

**Step 3:** Restack into (2) stacks of (8) pieces (discard the extra) and position (1) TLS onto each stack. Cut on the Cut Lines to separate the pieces. Paper clip the edges before cutting. Place the complete stacks cut with one of the TLS into Bag #F3 to be sewn with Unit F3.

**Step 4:** Split the remaining stack in half. Place (4) Fabrics from each template into Bag #F1 and (4) into Bag #F4. The Templates can go with those in Bag #F1. Label or mark the pieces in Bag #F4 with the Section # and also the sew side to stay organized during piecing. If you want to save your Templates when you sew Bag #F1, you can put them into Bag #F4 to keep you organized as well.

**Step 5:** Remove the (8) 6" x 42" strips cut from Fabric F1 that were previously placed in Bags #F1, #F3, and #F4 along with both *Unit F1, F3, & F4 Background Template Layout Sheets* and the single template for *Unit F1, Sec. 1 Temp 1* in Bag #F1. The fabric strips are stacked *right-side-up*. Position the two layout sheets onto your strips along with the single template. Cut (8) pieces with each template and layout sheet for a total of (16) pieces.

**Step 6:** Paper clip the edges, start cutting on *Cut Line 1* finishing with *Cut Line 7*. Place the pieces cut with one TLS into Bag #F3. Then, cut (4) *Temp 1* pieces and place in Bag #F1.

**Step 7:** Split the other stack in half and place half the pieces in Bag #F1 and half in Bag #F4. You will need to label the pieces going into Bag #F1 as Temp F2. Don't forget to label the sew-side!
