► **Fabric D8: (TLS) #3, #4, #5, & #6**

**Step 1:** Cut and stack (8) 4-3/4" by 42" strips facing *right-side up* into (1) group of strips. Set these aside for (TLS) #3 & #4. Then, cut and stack (8) 4-1/4" by 42" strips facing *right-side up* into one group of strips. Set these aside for (TLS) #5 & #6.

**Step 2:** Position (2) each *Unit D2, D4, D5, D7, Template D2-3 Layout Sheet #3* and (1) each *Unit D3, D6, Template D3-3 Layout Sheet #4* as shown on the (8) 4-3/4" by 42" strips.

**Step 3:** Cut (8) pieces, matching the size and shape of each (TLS).

**Step 4:** Paper clip each section to the fabric to keep the template from moving and complete the cutting by slicing through the paper and fabric on each CUT LINE to separate the individual pieces.

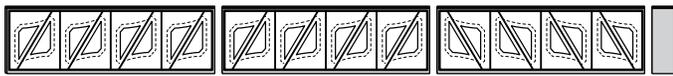

**Step 5:** The D2-3 Template pieces are placed in Bag #D3. The D3-3 Template pieces are placed in Bag #D4.

**Step 6:** Position (2) each *Unit D2, D4, D5, D7, Template D2-2 Layout Sheet #5* and (1) each *Unit D3, D6, Template D3-2 Layout Sheet #6* as shown on the (8) 4-3/4" by 42" strip.

**Step 7:** Cut (8) pieces, matching the size and shape of each (TLS).

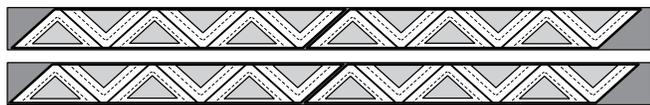

**Step 8:** Paper clip each section to the fabric to keep the template from moving and complete the cutting by slicing through the paper and fabric on each CUT LINE to separate the individual pieces.

► **Fabric D9:a, b, c, d, e, f, g, h, (TLS) #7**

**Step 1:** Cut (2) 2-3/4" by 42" strips from each Fabric D9:a-h. Stack the strips into (2) stacks of (8) strips facing *right-side up*.

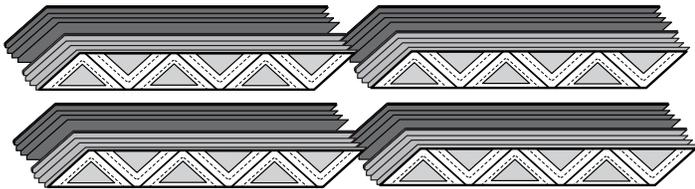

**NOTE -** We used (8) different colors for the Geese. If you chose fewer colors to work with it's fine. Just make sure you end up with a total of (16) strips.

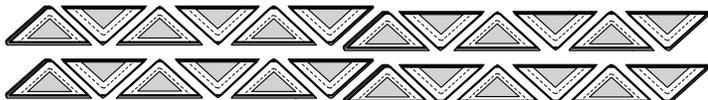

**Step 2:** The Unit D2 thru D7 Template Layout Sheet #7 are used to cut (32) pieces matching the size and shape of each (TLS) by slicing between each layout sheet.

**Step 3:** Re-sort the pieces by color. Then re-stack the pieces placing (4) pieces from (2) different color families under each (TLS).

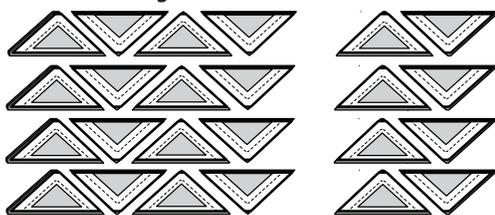

**Step 4:** Paper clip each section to the fabric and begin the cutting process to separate the individual sections.

**CUTTING INSTRUCTIONS T-TEMPLATES**

► **Fabric D10: T-Temp D-4 & D-3**

**Step 1:** Cut and stack (8) 5" by 42" strips facing *right-side-up*. T-Template D-4 is used to cut (16) pieces. Place them in Bag #D5.

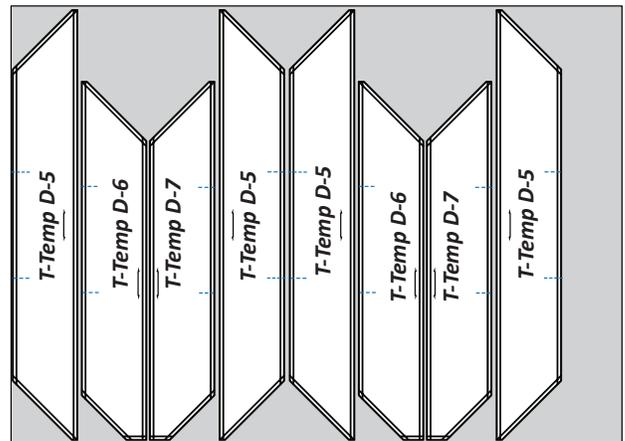

**Step 2:** Cut and stack (2) 6-1/2" by 42" strips facing *right-side up*. T-Template D-3 is used to cut (8) pieces. Place them in Bag #D5.

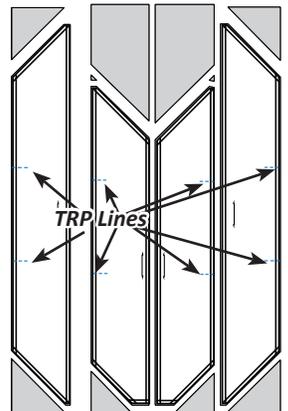

► **Fabric D11: T-Temp D-5, D6, & D-7**

**Step 1:** Cut and stack (2) 30" by 42" strips facing *right-side up*. T-Templates D-5 is used to cut (8) pieces. T-Templates D-6 & D-7 are used to cut (4) pieces each. Place these pieces into Bag #D5.

**REGISTRATION LINES (TRP)**

**Step 1:** The T-Templates in Bag #D5 all have registration lines (marked as dotted lines with a TRP label). These must be transferred to your fabric pieces, one Template set at a time. Align the edges of the first T-Template with the fabrics cut with that T-Template so all of the edges are perfectly aligned. A sample showing some of the T-Templates with the (TRP) lines is shown to the right.

**Step 2:** Unthread your machine and replace the needle with a larger size needle [90/80]. With T-Template D5 set at your machine, perfectly aligned with the fabric beneath, sew through the paper and the fabrics with just the needle, marking the registration lines on each fabric.

**Step 3:** Change the needle back to the 70/80 needle. Re-thread the machine and set the stitch length = 2.8 and sew on the lines marked by the needle-punching. Repeat this process with each T-Template set in Bag #D5.

**NOTE -** Marking Pencil Option: A marking pencil can also be used in place of the needle punching. This can be done by cutting out a thin line on each registration line on the paper template. Replace the templates matching the backside of the template up with the wrong-side of the fabric. With a light pencil mark the fabric along each of the cut registration lines.
