## Fabric Reference and Color Layout Information

We have named all of the matching diamonds with an identifier like AA to AZ so if you put more than one block in a quilt, it will be easier to keep them organized. This is the AL block.
The table below includes yardage, fabric numbers, and a reference to which fabrics go with the templates and (TLS) to complete Units AL. This table is your guide for not only selecting your own colors, but keeping you organized. The color layout to the right shows the location of each fabric from the foundation paper side. Use this as a guide for pasting swatches to your papers so you remember
 which fabric goes where. Also, paste a swatch of your chosen fabric in the Assigned Colors column in the table!
