► Satin and Lace Border Fabric Information:

The table to the right includes yardage, fabric numbers, and a reference to which fabrics go with each TLS to complete the Group C Border Units. This table is your guide for not only selecting your own colors, but keeping you organized. Don't forget to cut a swatch of your chosen fabric to paste in the box in the Assigned Colors column! Reference the Color Layout graphic for a graphical representation of where each of the fabrics go. The layout shown is from the backside of the unit and therefore matches the printed side of your paper. This will make it very easy to match up the correct fabric on the correct location on the foundation paper to keep track of which fabric goes where as you are sewing.
