*When we originally published Macaw, we only had 1-1/8 Yard and 36" on the back page. We missed adding one of the yardage strips. However, if you only have 1-1/8 Yard of Tonga-B6874-Ink, which is the Black floral print, there is more than enough yardage with a 1-1/8 yard cut. Follow the cutting Diagram above for L10. Although the TLS hangs over the edge of the strips, there is more than enough extra fabric to cut the (4) pieces you need... cutting only (2) from each of the leftover strips instead of (4).*

*Please try this correction first, before requesting more fabric! There is also leftover fabric on the K Strips if you need it. But, there should be more than enough left over on your 2-1/2" L strips to just cut the remaining pieces. Sorry for the mixup. But, it should be an easy correction with the fabric that you already have. If you have any questions, let me know, at [info@quiltworx.com](mailto:info@quiltworx.com)*
