

► Fabric J2, (TLS) #3 & 4

Step 1: Cut & stack (8) 4-1/4" by 42" strips from *Fabric J2* onto your cutting table facing **right-side up**.

Step 2: *Unit J1 (TLS #3)* is placed onto the strips aligned with the right edge. *Unit J2 (TLS #4)* is placed onto the strips aligned with the left edge. Cut (8) pieces, matching the size and shape of each (TLS).

Step 3: Stack (8) pieces beneath each (TLS). Clip the Sec. Temp's to the fabric beneath each layout sheet. The cutting is completed by slicing through the paper on each cut line in numerical order to separate the individual sections.

Step 4: Place the template pieces cut for Unit J1 with the foundation papers in Bag #J1. Place the template pieces cut for Unit J2 with the foundation papers in Bag #J2.

► Fabric J3:a-J3:d, (TLS) #1 & 2

Step 1: Cut (1) 5" by 42" strip each from *Fabrics J3:a-J3:d*. Stack the strips on your cutting table facing **right-side up**, placing *Fabric J3:d* on the bottom and *Fabric J3:a* on the top.

Step 2: Place *Unit J1 (TLS #1)* on the strips along the right-hand edge. Cut (4) fabric pieces, then rotate the (TLS) and cut (4) additional pieces. Place *Unit J2 (TLS #2)* on the strips along the left-hand edge. Cut (4) fabric pieces, then rotate the template and cut (4) additional pieces.

Step 3: Stack (8) fabric pieces beneath each (TLS). Clip the Sec. Temp's to the fabric beneath each layout sheet. The cutting is completed by slicing through the paper on each cut line in numerical order to separate the individual sections.

Step 4: For each section, stack fabrics starting with (2) *Fabric J1:d* on bottom ending with (2) *J1:a* on top; paper clip together with the template. Place the template pieces cut for Unit J1 with the foundation papers in Bag #J1. Place the template pieces cut for Unit J2 with the foundation papers in Bag #J2.

STACKING: UNIT J1, BAG #J1

Position the templates and fabric pieces in numerical order facing **right-side up**, with the **sew-sides** aligned at the top. *Sec. 1* does not have a sew side.

Stacking: The stacking process begins with the largest Sec. # on the bottom. The pieces are stacked in reverse order finishing with *Sec. 1* on top.

FOUNDATION PAPER PIECING: UNIT J1

NOTE - Tracing the Dashed Lines: Place the foundation paper onto a light table. Flip the foundation paper over and trace the dashed lines printed on the front side of the foundation paper, onto the backside of the paper.

Step 1: The first piece of fabric is placed **wrong-side up** on your table. Lift the foundation paper, slide the fabric under *Sec. 1*. Glue is used to adhere the fabric to the backside of the paper. Repeat **Step 1** for each foundation unit.

Step 2: Place the fold template over the top of *Sec. 1*, lining the edge up with the solid black line marked *Line 1*.

Step 3: Fold the paper back over the top of the fold template.

Step 4: Place the **Add-A-Quarter** ruler next to the folded paper and trim the fabric with your rotary cutter.

Step 5: Place the fabric piece for *Sec. 2* **right-side up** next to the folded back paper.

Step 6: Lift the paper, and slide the fabric under *Sec. 1*, lining the sew side up with the trimmed seam allowance. Repeat **Steps 2-6** for each foundation paper before moving onto **Step 7**.

Step 7: Sew on *Line 1*. The stitches should start and stop about 1/8" past the beginning and the end of each stitch line. Complete the sewing on each unit before moving onto the next step.

NOTE - Trimming the Threads: Sewing past the ends of your sew line makes it possible to cut the thread ends off each time you trim with your **Add-A-Quarter** ruler.
