

### NORTH STAR INSTRUCTIONS

**Ziploc Storage Bags:** You will need (1) bag to complete the organization for these instructions. Label the bag as follows to stay organized while cutting the Foundation Units and Templates.

- Bag #J1: (8) Unit J1 Papers, and Cutting Templates

### ► Preparing Foundation Papers & Templates:

**Foundation Papers:** This booklet includes enough foundation papers to complete (8) star points. The foundation papers and templates for this pattern are printed on newsprint. Newsprint is lightweight and tears away from your stitches without damaging the threads. Please pull apart this package and check, at this time, to make sure your pattern includes all the newsprint listed below.

Cut out (8) Unit J1, [NP 751 & 752]. The Templates and Template Layout Sheets (TLS) are placed in a temporary bag. After the fabric has been cut, the individual Sec. Templates and (TLS) are placed into their assigned bags with their associated foundation papers. See the newsprint graphics that follow for information on how to organize your units and templates into bags. \*Refer back to General Information for Foundation papers and templates for additional instructions on how to prepare your foundation papers and templates.

### ► Color Layout

**NOTE - Backside Graphic:**  
 The color layout shown matches the printed side of the paper, and the backside of the quilt.

**NOTE - Stacking strips:** Templates and (TLS) are repositioned on the cut strips to achieve the number of cuts required in the cutting Instructions. Please read carefully to ensure the correct # of pieces are stacked beneath each Template before cutting.

**NOTE - Glue:** Repositionable glue placed on the backside of each template will keep the templates and (TLS) from moving in the cutting process. After each cut simply reposition the template to the next location.

### ► Fabric J1: Unit J1 (TLS) #1

**Step 1:** Cut (1) 19-1/2" by 42" strip from Fabric J1 and position facing **right-side up** on your cutting table.
