

**Pressing the Center of the Star:** The last four seams are pressed counterclockwise on the back side of the quilt. Before you can press the last four seams you will need to pick back the stitches to meet the last cross seam sewn on each of the eight seams that intersected in the center of your quilt. This allows you to press the seams counterclockwise on the back side of the quilt, which takes the bulk out of the center star. The Tweaking Diagram was built to show the seams on the backside of the quilt pressed counterclockwise (while they are shown clockwise on LP 106, looking at the pressing from the front side of your quilt).

**Backing & Batting:** You will need **(3)** 88" lengths (how much excess to leave on each side of the quilt is personal preference, but we aim for 6" to 8" around the perimeter) for the backing of your quilt, for a total of 7-3/8 yards. Quiltworx.com recommends Hobbs 80/20 (full size) batting on a roll or similar to get a thin but flexible finish to the quilt.

## QUILTING DESIGNS

Quiltworx.com has completed a variety of digitized quilting designs for several of our patterns. We have digitized several designs to fit the blocks in the layout on the cover. You may want to check these out on our website. Find them quickly by scanning the QR Code on the back page in the bottom right corner and looking for related products.

## DOUBLE-FOLDED BINDING INFORMATION

After the quilt top has been quilted, you can add the binding. Quiltworx.com recommends a 2-1/2" strip, ironed in half lengthwise, then sewn to the front of the quilt and hand-stitched down to the backside. The 80" x 80" layout requires **(9)** strips, for a total yardage of 22-1/2". Since this is an exact amount, we suggest rounding the binding up to 3/4 yard of fabric.

## INCREASING THE SIZE OF YOUR QUILT

The coversheet shows what your quilt would look like if you added a king-size border (118" Square). While you can choose from different borders from Quiltworx, the border shown on the cover is the Wagon Wheel King Border, which is referenced as JNQ00277-H-001. You can purchase this product separately by going to the Heather in the Highlands listing on the Quiltworx Website. Click Buy Now, and find the referenced border.

If you would like to try a different option, there are others and the list will also continue to grow. A Yardage chart is shown below left for the king-size version shown on the cover if you would like to make this exact colorway.

Complete the assembly on LP 107 through Assembly Graphic 9. Then reference King Assembly Graphics 1 to 3 on the next page to add the borders. Press in the direction of the arrows.
