Step 3: Position both *Strip Piecing Templates (SP)* as shown on top of your stack and cut (2) pieces from each strip.

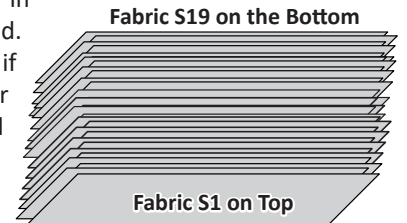

NOTE - Cutting Tip: If you can't cut through the 19 layers of fabric, you can divide the strips into two stacks.

Step 4: Re-stack the strips as shown, placing (2) of each color together into one stack. The strips are separated into (6) groups. Label each group as Round 1 - Round 6.

Step 5: The clipped fabric strips are now stacked together into (1) group of strips. The groups are stacked in descending order starting with Round 6 on the bottom finishing with Round 1 on the top. The strip piecing process is designed to add each piece of fabric to the foundation papers in the sequence in which the fabric are stacked. The process is very simple if you follow the sewing order provided for each Round 1-6 on the following pages.

► Preparing your Foundation Papers:

Step 1: You have (2) each of the following Foundation Sheets. Position them printed side up on you table as shown at the top of the next page.
