88" Diameter Ring

GROUP D ASSEMBLY

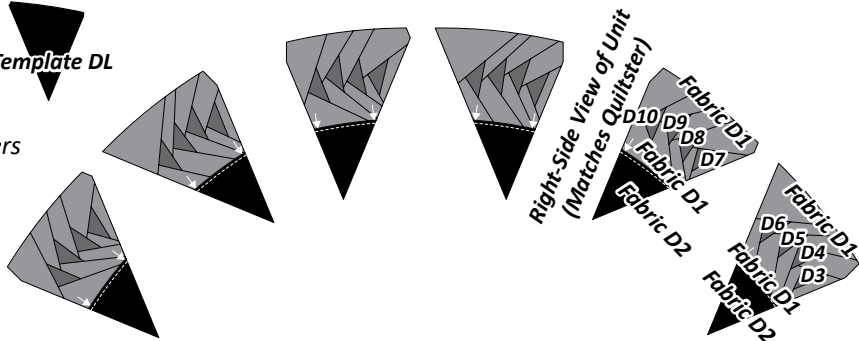

Step 1: Remove the papers from the back of Units DL and DR. Reference the General Instructions information if you are unsure of how to remove the papers.

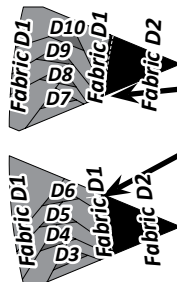

Step 2: Align *T-Template DL* from Bag #DL with Unit DL as shown to the right. Place the pieces **right-sides together**. Use the *Smart Corners* as your guide for how to perfectly position the two pieces together.

Step 3: Set your machine to sew a 1/4-inch seam. Sew the pieces together, then press in the direction shown by the arrows in the pressing Graphic below.

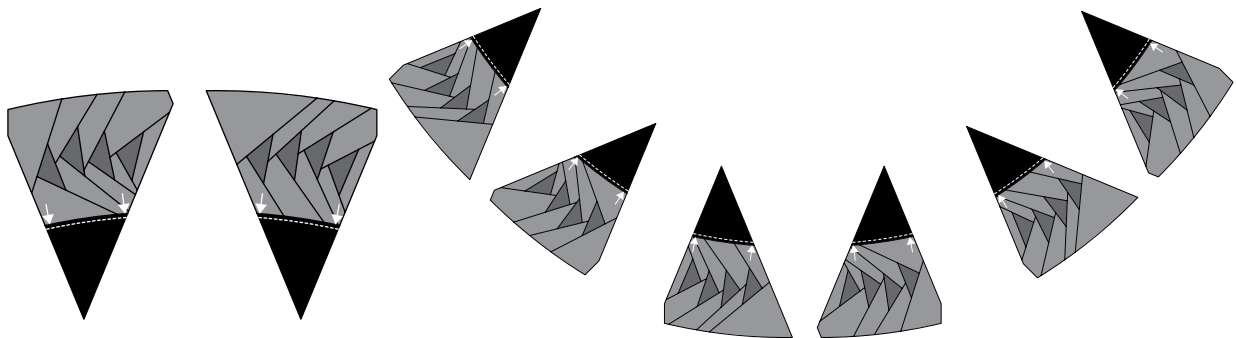

Step 4: Repeat this process on all **Unit DR/T-Template DR** pairs, then again, using **Unit DL/T-Template DL**, in Bag #DR. Place the DL pieces back into Bag #DL and the DR pieces back into Bag #DR to await final assembly.

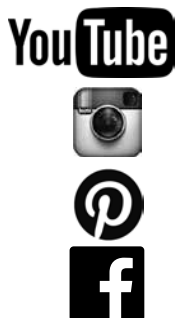

The blocks to the left is wrong-side-up. Use this as reference for ease of placing swatches on your newsprint. Place the Foundation Paper print-side-up on your table as shown above and glue a fabric swatch from the referenced fabric in the sections to stay organized.
