

► **Fabrics BA5: Unit B2 (TLS #3)**

Step 1: Cut (2) 3-3/4" by 42" strips and stack facing *right-side up* on your cutting table from *Fabric BA5*.

Step 2: *Unit B2 (TLS #3)* is placed onto the strips as shown. Cut (4) pieces, matching the size and shape of the TLS. (One TLS yields enough pieces to make (2) *Unit B2*).

Step 3: Stack (4) pieces under the TLS. A paper clip is used to clip each section to the fabric to keep the template pieces from moving in the cutting process.

Step 4: The cutting is completed by slicing through the paper on each *Cut Line* to separate the individual sections. Place the individual template pieces and fabric beneath with the *Unit B2 Foundation Papers* in Bag #BA2.

► **Fabrics BA6: Unit B2 (TLS #2)**

Step 1: Cut (2) 4-1/2" by 42" strips and stack facing *right-side up* on your cutting table from *Fabric BA6*.

Step 2: *Unit B2 (TLS #2)* is placed onto the strips as shown. Cut (4) pieces, matching the size and shape of the TLS. (One TLS yields enough pieces to make (2) *Unit B2*).

Step 3: Stack (4) pieces under the TLS. A paper clip is used to clip each section to the fabric to keep the template pieces from moving in the cutting process.

Step 4: The cutting is completed by slicing through the paper on each *Cut Line* to separate the individual sections. Place the individual template pieces and fabric beneath with the *Unit B2 Foundation Papers* in Bag #BA2.

► **Fabrics BA7: Unit B2 (TLS #4)**

Step 1: Cut (1) 4-1/2" by 42" strip and place facing *right-side up* on your cutting table from *Fabric BA7*.

Step 2: *Unit B2 (TLS #4)* is placed onto the strip as shown. Cut (2) pieces, matching the size and shape of the TLS. (One TLS yields enough pieces to make (4) *Unit B2*).

Step 3: Do not subcut the section pieces. Place the fabric pieces aside to cut with the *Unit B2 (TLS #4)*, *Fabric BA8* pieces below in *Step 3*.

► **Fabrics BA8: Unit B2 (TLS #4)**

Step 1: Cut (1) 4-1/2" by 42" strip and place facing *right-side up* on your cutting table from *Fabric BA8*.

Step 2: *Unit B2 (TLS #4)* is placed onto the strip as shown. Cut (2) pieces, matching the size and shape of the TLS. (One TLS yields enough pieces to make (4) *Unit B2*).

Step 3: Stack (4) pieces under the TLS. This includes (2) pieces cut from *Fabric BA7* on top, and (2) pieces cut from *Fabric BA8* on the bottom. A paper clip is used to clip each section to the fabric to keep the template pieces from moving in the cutting process.

Step 4: The cutting is completed by slicing through the paper on each *Cut Line* to separate the individual sections.

Step 5: Re-sort the fabric stacks into (2) sets with (8) pieces of *Fabric BA7*, and (2) sets of (8) pieces for *Fabric BA8*. Then, clip a template to the top of each. Discard any remaining templates. It may be helpful at this point to label each fabric stack with a *Section #*. One *BA7* stack is labeled *Sec. 1* and the other is labeled *Sec. 7*. *Fabric BA8* are labeled *Sec. 4* and *Sec. 10*. Place the clipped stacks with the *Unit B2 Foundation Papers* in Bag #BA2.
