**DIGITIZED EMBROIDERY DESIGN BY FABRIC CONFETTI**

Vanessa Fromm, from Fabric Confetti has created three digitized embroidery options for the Appliqué Tear Drops. These include traditional appliqué, a nice satin stitch, or replacing the circles entirely with an appliquéd tear drop. If you chose the appliquéd tear drop option, you would not complete the appliqué steps discussed previously. This pattern can be downloaded at [Quiltworx.com](http://Quiltworx.com), purchased directly from the Fabric Confetti website, or purchased from your local Certified Shop. It is called the Coral Reef Tear Drops Embroidery Pattern. Detailed information for preparing your appliqué pieces using the Stitch-N-Peel shapes is included in instructions for each option. Use of an embroidery machine is necessary in order to use her designs.

If you are planning to use this approach, please review the instructions by Vanessa before cutting your appliqué pieces.
