- Example: If the swatches placed in each diamond slot A3, A6 and A9 are cut from the same color, those (3) Fabric \#s would be assigned to that color.

Sometimes we assign more than one fabric to the same fabric reference, in which case small letters are used to reference the additional colors. It should be noted, Fabric A1 has been assigned to (2) color, shown on the Diamond Block Layout, Page 1.

After the Fabric \#s are assigned, it's a good idea to paste the swatches onto the Diamond Block. The remaining swatches are assigned to your fabric chart below and foundation papers as shown on the following pages.

Yardage Chart: The chart that follows includes yardage, fabric numbers, and a reference to the fabrics needed to complete the cutting for the Foundation Sheets labeled A1-A4.

CUTTING AND STACKING INSTRUCTIONS

## Fabrics A1-A16

Step 1: Cut (1) 2-1/2" by 42" strip from each fabric assigned to Fabrics A1:a, A1:b, A2, A3, A5, A6, A7, A9, A10, A11.

Step 2: Press and stack the strips across the width of the fabric facing right-side-up.

Step 3: Fabric $A 1: a$ and $A 1: b$ are stacked together facing right-side-up, A1:b on bottom, A1:a on top. Cut (1) piece matching the size and shape of Strip Piecing Template S1 from each color.

Step 4: Fabrics A2, A3, A5, A6, A7, A9, A10, \& A11 are stacked together facing right-side-up, in descending order starting with Fabric A11 on the bottom ending with Fabric A2 on top. Cut (2) pieces matching the size and shape of Strip Piecing Template S1 from each color.

Step 5: Cut (2) 2-1/2" by 42" strips from each fabric assigned to Fabrics A4, A8, A12.

Step 6: Press \& stack strips across the width of the fabric facing right-side-up starting with Fabric A12 on the bottom ending with Fabric A4 on the top. Cut (1) piece matching the size and shape of Strip Piecing Template S2 from each strip.

Step 7: Cut (1) 4" by 42" strip from each fabric assigned to Fabrics A13, A14, \& A15.

Step 8: Press and stack the strips together across the width of the fabric facing right-side-up starting with Fabric A15 on the bottom ending with Fabric A13 on the top. Cut (2) fabric pieces matching the size and shape of Strip Piecing Template S3 from each color.

Step 9: Cut (2) 4" by 42" strips from Fabric A16.
Step 10: Press and stack the strips across the width of the fabric facing right-side-up. Cut (1) fabric piece matching the size and shape of Strip Piecing Template S3 from each strip.
