

► **Unit A1: spikes**
Fabric A3:a and A3:b, TLS #3

Step 1: Cut (2) 15-1/2" by 42" strips from Fabrics A3:a and A3:b. Press and stack the fabric strips facing *right-side-up* into (1) group with both of the A3:a pieces on top of the A3:b pieces.

Step 2: The strips are cut using *Unit A1, TLS #3* found in Bag #A1. Using a ruler and your rotary cutter, cut (4) pieces to match the same size and width of the Template Layout Sheet. Rotate the template and cut (4) additional pieces. (Total=(8) pieces.)

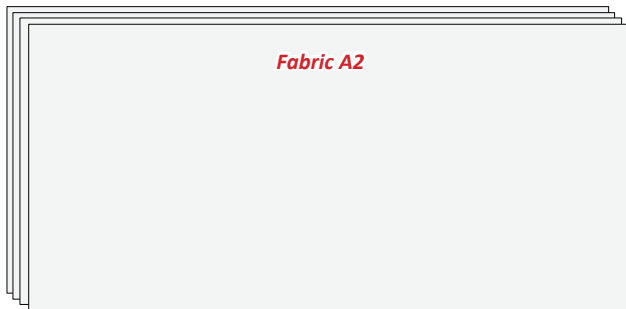

Step 3: Stack (8) pieces facing *right-side-up* with (4) Fabric A3:a pieces on top of (4) Fabric A3:b pieces with TLS #3 on top. Clip the layout sheet onto the fabric pieces with a paperclip on each section around the perimeter of the stack.

Step 4: Cut through the paper and fabric, following the Cut Lines in numerical order on the layout sheet. Place these clipped stacks back into Bag #A1.

► **Unit A2: Background, Fabric A2, TLS #2**

Step 1: Cut (4) 20" by 42" strips from Fabric A2. Press and stack the fabric strips facing *right-side-up* into (1) group.

Step 2: The strips are cut using *Unit A2, TLS #2* found in Bag #A2. Using a ruler and your rotary cutter, cut (4) pieces to match the same size and width of the Template Layout Sheet. Rotate the template and cut (4) additional pieces. (Total=(8) pieces.)

Step 3: Stack (8) pieces facing *right-side-up* with TLS #2 on top. Clip the layout sheet onto the fabric pieces with a paperclip on each section around the perimeter of the stack. (Graphics next page).

Step 4: Cut through the paper and fabric, following the Cut Lines in numerical order on the layout sheet. Place these clipped stacks back into Bag #A2. (Graphics next page).
