

Step 10: Open the paper, sew on Line 2, and press.

Step 11: Continue adding the remaining fabric pieces to each section on the foundation papers.

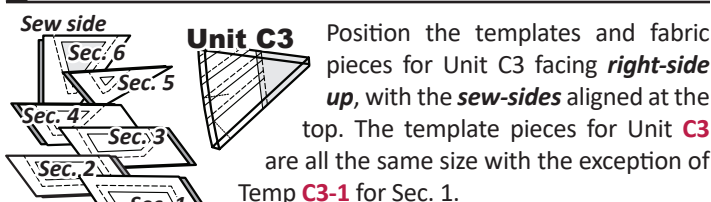

NOTE - Paper: The foundation paper is not removed until you are ready to assemble the Block Groups.

► Foundation Paper Piecing: Unit C2

Stacking and paper piecing for Unit C2 is the same as Unit C1, so the previous steps provided for Unit C1 are the same. Just remember the Unit C2 papers are mirror images of Unit C1 so the images in the graphics will appear to be upside down. When the paper piecing is completed, set your stitch length on your machine to sew a basting stitch (see TRP section on page 5 under General Piecing Instructions). Sew the (TRP) lines, then trim the excess paper and fabric off around the perimeter of the printed paper. Place the Unit C2 pieces back into Bag #C2. (Graphics were not provided for Unit C2.)

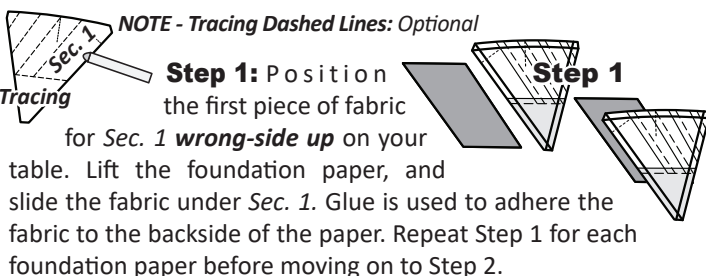

■ STACKING: UNITS C3 & C4, BAGS #C3 & C4

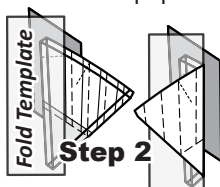

Stacking: The important thing to note for stacking is to make sure your Fabric #s **C13–C16** are stacked in the correct sewing order.

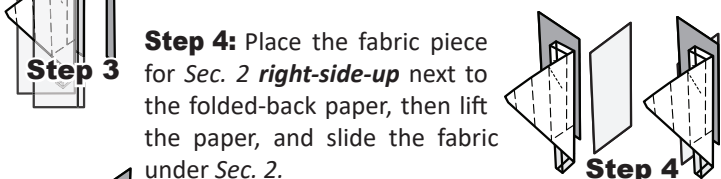

■ FOUNDATION PAPER PIECING: UNIT C3

Step 2: Place the fold template over the top of Sec. 1. Line the edge up with the solid black line marked Line 1 and fold back the paper.

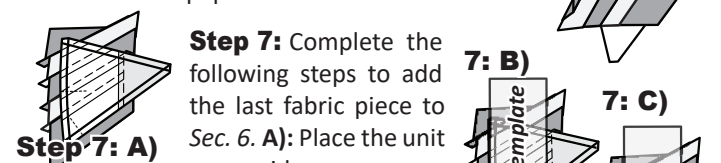

Step 3: Place the **Add-A-Quarter** ruler next to the folded-back paper, and trim the fabric with the rotary cutter.

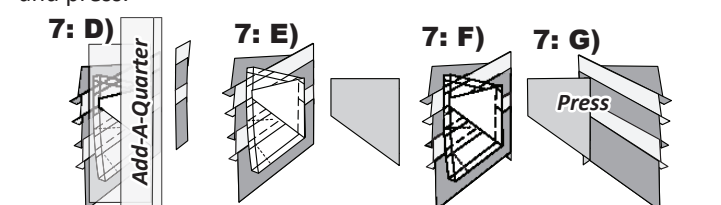

Step 5: Open the paper and sew on Line 1, then press the fabric on the backside of each paper. Loosen the glue under Sec. 1, then press the fabric pieces to the open position on the backside of each paper.

Step 6: Continue adding the the fabric pieces to the foundation papers for sections 3–5.

Step 7: Complete the following steps to add the last fabric piece to Sec. 6. **A):** Place the unit paper-side up on your cutting surface. **B):** Position the fold template over the top of Sections 1–5, lining the edge up with Line 5. **C):** Fold the paper back and tear the paper along the stitches on Lines 1 & 2. Stop tearing when you hit the fold template. **D):** Trim the fabric with the **Add-A-Quarter** ruler. **E):** Position the third fabric piece **right-side-up** next to the paper. **F):** Lift the paper and slide the fabric under Sec. 6. **G):** Open the paper, sew on Line 5, and press.

Step 8: When the paper piecing is completed, set your stitch length on your machine to sew a basting stitch (see TRP section on page 5 under General Piecing Instructions). Sew the (TRP) lines, then trim the excess paper and fabric off around the perimeter of the printed paper. Trim the Smart Corners, then place these pieces in Bag #C3.

► Foundation Paper Piecing: Unit C4

The stacking and paper piecing process is mostly the same for Unit C4. The only difference is the number of section pieces. Unit C4 has one addition Sec. #. Just remember the Unit C4 papers are mirror images of Unit C3 so the images in the graphics will appear to be upside down. When the paper piecing is completed, sew the (TRP) lines then trim the excess fabric off around the perimeter of the printed paper. Place the Unit C4 pieces back into Bag #C4. (Graphics were not provided for Unit C4.)
