

Step 3: Then, cut between them, so the fabric is the size and shape of the Templates.

Step 4: Restack the pieces so there are (8) pieces beneath each TLS. You have (2) stacks of TLS #1 and (1) TLS stack of TLS #2. Then, cut the Templates and fabrics beneath apart on each Cut Line to separate the individual templates.

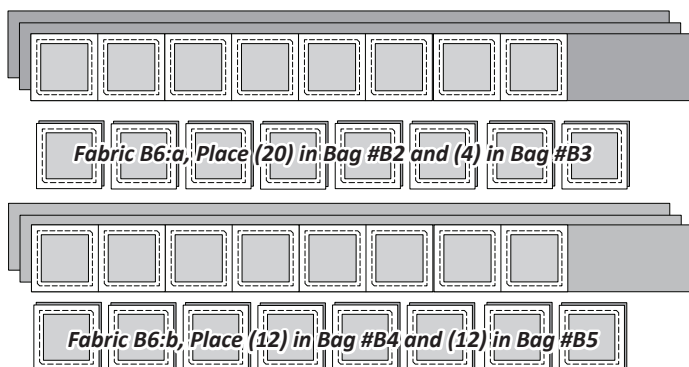

Step 5: Clip the template stacks together with a paper clip, then place the stacks into the Bags shown.

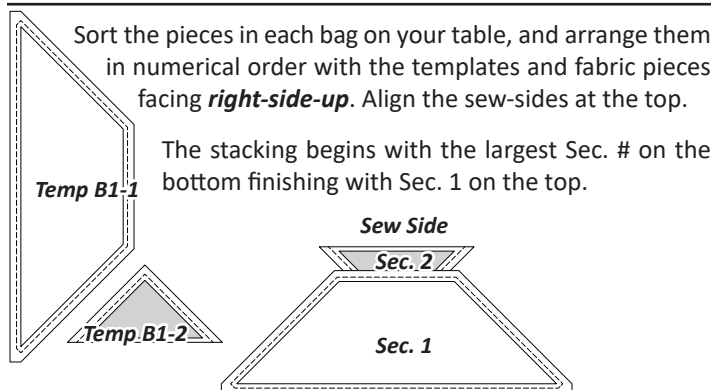

Divide all of the individual Template Stacks from one of the TLS #1 stacks into (2) sets of (4), then place them in the bags shown on the right, in the above graphic.

► Fabric B6:a & B6:b: (TLS #3)

Step 1: Cut (3) 4-1/4" x 42" strips from each Fabric B6:a and B6:b. Stack the pieces into (2) stacks, by color, then use the TLS #3 to cut (12) pieces the size and shape of the TLS. Make sure to reposition the TLS for each cut. Stack (12) pieces beneath each TLS, by color. Then, slice through the Template and fabric beneath, resulting in (24) Temp B-1 pieces. Place (20) of Fabric B6:a into Bag #B2. Place (4) of Fabric B6:a into Bag #B3. Place (12) B6:b into Bag #B4 and (12) B6:b into Bag #B5

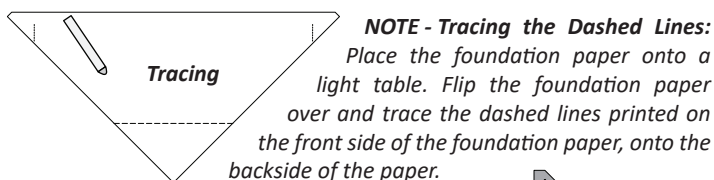

SORTING AND STACKING FOR PAPER PIECING: BAG #B1

Sort the pieces in each bag on your table, and arrange them in numerical order with the templates and fabric pieces facing **right-side-up**. Align the sew-sides at the top.

The stacking begins with the largest Sec. # on the bottom finishing with Sec. 1 on the top.

PAPER PIECING: UNIT B1

NOTE - Tracing the Dashed Lines: Place the foundation paper onto a light table. Flip the foundation paper over and trace the dashed lines printed on the front side of the foundation paper, onto the backside of the paper.

Step 1: Find Sec. 1 on the foundation paper and place a small amount of fabric glue on the **backside** of the paper under Sec. 1. Position the first piece of fabric for Sec. 1 **wrong-side-up** on your table. Lift the foundation paper, slide the fabric under Sec. 1 and glue the **wrong-side** of the fabric to the backside of the paper. Step 1 is repeated for each foundation unit before moving onto Step 2.

Step 1

Sec. 1

NOTE - Fabric Placement: The fabric must extend beyond the edges of the dashed lines to cover the underneath side of Sec. 1.

Step 2

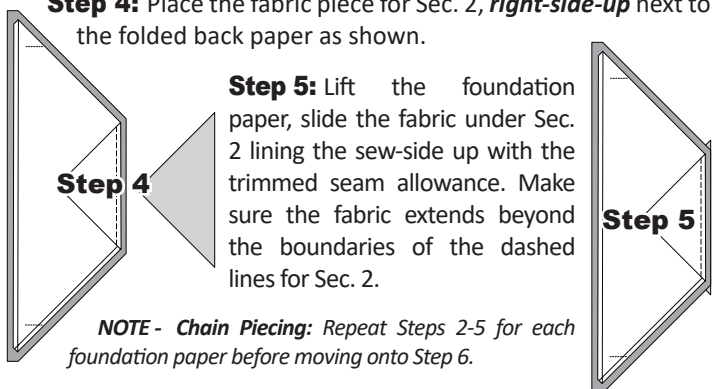

Step 2: Place the fold template over the top of Sec. 1. Line the edge up with the solid black line marked Line 1. Then, fold the paper back over the top of the fold template.

Step 3: Place the **Add-A-Quarter** ruler next to the folded back section lip-side down and trim the fabric with your rotary cutter.

Step 3

Add-A-Quarter

Step 4: Place the fabric piece for Sec. 2, **right-side-up** next to the folded back paper as shown.

Step 5: Lift the foundation paper, slide the fabric under Sec. 2 lining the sew-side up with the trimmed seam allowance. Make sure the fabric extends beyond the boundaries of the dashed lines for Sec. 2.

NOTE - Chain Piecing: Repeat Steps 2-5 for each foundation paper before moving onto Step 6.
