### ► Crown of Jewels Fabric Information:

The table to the right includes all the Fabric cutting details you need for this pattern. It includes yardage, Fabric Reference numbers, the size strips and how many to cut of each, and which bags each strip should be placed in. This same information is included on the back

## CORAL COVE LINE DRAWING AND FABRIC REFERENCES

If you have used Quiltster to create your own color layout, fabric references are included in the program that tell you which fabric numbers apply to which pieces in the quilt. This makes a seamless tie back to the pattern. Use this drawing and the Unit Chart earlier in the pattern, along with Quiltster to plan your color for this project. To see what it will look like before you make your final fabric selection, use Quiltster!
