The 68" x 68" layout requires **(8)** strips, for a total yardage of 20", or 5/8 yard of fabric.

**NOTE - Making an 80" Quilt:** If you have chosen to make an 80" quilt, you will need 7-3/8 yards of fabric for the backing and 3/4 Yard for Binding.

After the quilt top has been quilted, you can add the binding. Quiltworx.com recommends a 2-1/2" strip, ironed in half, lengthwise, then sewn to the front of the quilt and hand stitched down to the backside. The 99" x 99" layout requires **(11)** strips, for a total yardage of 31-1/2". Since this is an exact amount, we suggest rounding the binding up to 7/8 yard of fabric.

## BACKING & BATting:

You will need **(2)** 124" to 126" lengths (how much excess to leave on each side of the quilt is personal preference, but we aim for 6" to 8" around the perimeter) for the backing of your quilt for a total of 10-5/8 yards. Quiltworx.com recommends Hobbs 80/20 (you'll likely have to assemble your batting as most battings don't come wider than 120", or just use 120" and baste it down with little overlap, which is what we do) batting on a roll or similar to get a nice, thin, but flexible finish to the quilt.
