

Step 10: Place the fold template over the top of Sections 1, 2 and 3 on Paper #1, lining up the edge with Line 3. Fold the paper back over the fold template and tear the paper along the stitch lines, stopping once you hit the fold template. This allows the fabric to lay flat against the table, making it possible to trim with the **Add-A-Quarter** ruler. Place the Fabric for Sec. 4 (Fabric C3) next to the Foundation Paper, then lift the paper and slide the fabric beneath, making sure to keep the sew side aligned with the cut edge. Open the paper up, sew on line 3, and press open. Complete the remaining piecing to finish the unit, then trim around the paper on the outside solid line to finish the unit.

QUILT LAYOUT

Place the blocks and borders (if desired) on the wall as shown below. Complete the horizontal rows, and press the seams in the direction of the arrows below. Then, sew the horizontal rows together to complete the quilt. At the center of each intersection, pick back a few seams to release the stitches, and press the seams open into a tiny 4-patch at each intersection (see graphic on left).
