* This pattern requires 5". However, Quiltster automatically rounds yardage up to the nearest 1/8 yard. We recommend purchasing 1/6 yard, though 1/4 yard will also work.

** If you're part of the 2026 Box Program, you may have received three 12" strips along with a coversheet indicating you need 10". In reality, 9" is sufficient. You're welcome to follow the pattern as written or cut 10" strips if you prefer a little extra wiggle room. This isn't an error—just updated yardage refined at publication.
