

Step 3: Trim the excess fabric around the perimeter of each Layout sheet, then cut on *Cut Line 1* to separate the Sec. Templates. Clip the (4) pieces cut with each Template to the top of the ones previously cut from Ice. Place the entire stack into the noted bags. *Do not remove papers until you are ready to complete the curved piecing.*

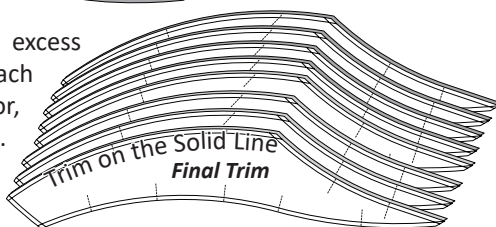

► 27-1/2" Square, Fabrics AF1:b, T-Template AF-1

Step 1: Place (4) of *T-Template AF-1* on each strip as shown in the graphic to the left. Ensure the backside of each layout sheet is placed against the **right-side** of the fabric. Use repositionable glue and a few flower pins to secure the templates in place. Cut around each T-Template leaving about 1/8" of excess fabric around the edges.

Step 2: Set your stitch length at your preferred basting stitch length [see more information about sewing (TRP) lines under the General Piecing Instructions on Page 5]. Sew all the (TRP) lines on each template. After the (TRP) lines are sewn, trim the threads on both the fabric side and paper side.

Step 3: Final Trim: Trim the excess fabric around the perimeter of each T-Template. Sort the pieces by color, placing *Fabric AF1:b* on the bottom. Clip together and place back into **Template Bag AF**. *Do not remove papers until you are ready to complete the curved paper piecing.*

FABRIC DPN014-62-SAND

Cut the following sub-strips:

- Cut (8) 15-1/2" WOF x 42" strips from the fabric, and place with Unit E5 to E8, TLS #19 to #22. (See graphic to the right).
- **Cut (4) 11" by 42" pieces from the light side of the Fabric.** Place with Unit E1 and E2, TLS #1 and #2. (See the graphic to the right).
- The rest of this fabric can be placed with Group J, to be cut with J3, J5, and J7 according to the directions in that chapter.

► (4) 11" x 42" strips, Fabric E1, TLS #1 & #2

Step 1: Stack the strips, right-side up, and place Unit E1 (TLS #1) and Unit E2, (TLS #2) on top of the stack as shown in the graphic to the right (at the top). **Cut (4) pieces, the size of each template, from the Sand fabric.**

Step 2: On page 7, you cut and prepared (4) pieces of TLS #1 and (4) pieces of TLS #2 from your Ice Fabric. It is time to get those and place (4) of the Ice Fabric E2 beneath (4) of the Sand Fabric (E1). Place **Unit E1, (TLS) #1** on the first group of strips and cut (4) pieces from each fabric (total of (8)).
